MATCHING

Matching: How does it work?

- **What is it?**
 - Matching is a pool of donations that you raise on your own before BDOG
 - You earmark these funds as matching dollars
- **How does it work?**
 - You will enter the total \$ amt you have raised in matching on the back end of the website
 - On Big Day of Giving, the matching funds will show on your donation form!
 - A training will be scheduled for early April to show you how
 - You do not need to send us your matching funds.

Matching: How does it work?

- Who/Where should I go to raise matching \$\$?
 - Major donors
 - Board members
 - Business sponsorships
- Use it as a donor engagement tool
 - Donors love to see their gifts leveraged
- The visual of matching funds on the donation form is a big incentive for BDOG donors
- In 2017, over 140 nonprofits raised over \$1.2 M in matching funds.
